1. Given that the value of x is between 0 and 5, but not equal to either 0 or 5, which statement is true?
 a) $0 \leq x^2 \leq 5$
 b) $0 < x^2 < 25$
 c) $0 \leq x^2 \leq 25$
 d) $x^2 \leq 25$
2. A complex right triangle has orthogonal sides of length $(6 + i3)$ and $(4 + i\sqrt{3})$. The hypotenuse has the length
 a) $\sqrt{(40 + 4i(9 + 2\sqrt{3}))}$
 b) $\sqrt{(40 + i(36 + 2\sqrt{3}))}$
 c) $(40 + 4i(9 + 2\sqrt{3}))$
 d) $(40 + i(36 + 2\sqrt{3}))$
3. A large L-shaped field is 400 m long in its longest side, and 150 m wide at its widest point. The opposite parallel sides are only $1/5$ as long. The total perimeter of the field is
 a) 6000 m
 b) 900 m
 c) 1200 m
 d) 1100 m
4. The total perimeter of an L-shaped field is 800 feet. The longest side is 300 feet, and the longest width is 100 feet. The shorter sides are 50 feet and 50 feet respectively. The total area of the field is
 a) 22,500 square feet
 b) 30,000 square feet
 c) 17,500 square feet
 d) 45,000 square feet

WHAT'S ON THE ACCUPLACER?

ACCUPLACER assessments are computer-adaptive. Questions are selected based on your skill level. The ACCUPLACER consists of 6 sections.

The number of questions varies depending on which ACCUPLACER assessment you take.

Section	Content
Arithmetic	17 questions. Measures the ability to perform basic arithmetic operations to solve problems that involve fundamental arithmetic concepts.
College-Level Math	20 questions. Measures the ability to solve problems that involve college-level mathematics concepts.
Elementary Algebra	12 questions. Measures the ability to perform basic algebraic operations and to solve problems involving elementary algebraic concepts.
Reading Comprehension	20 questions. Measures the ability to understand what you read, to identify main ideas and to make references.
Sentence Skills	20 questions. Measures the understanding of sentence structure.
Written Essay	1 essay. Measures the ability to write effectively.

The ACCUPLACER can also test ESL (English as a Second Language) skills. The test includes sentence meaning, language use, reading skills, and listening skills.

Information

The ACCUPLACER helps place students where they are most likely to thrive in their academic pursuits. It meets the assessment needs of community college, four-year colleges, technical schools, and high schools.

Time

untimed

Fees

There is no pass/fail scores for the ACCUPLACER exam.

Fees vary from school to school.

NAME: **Sample Test**

AGE: **13** GRADE: **10**

ASSESSMENT DATE: **07/12/2010**

REDO DATE: **07/14/2010**

<p>0 – 59 <i>Not Ready for Algebra 1</i> Needs Serious Remedial Help</p>	<p>60 – 74 <i>Algebra 1/2 Recommended</i> Some Remedial Help Necessary</p>	<p>75 – 89 <i>Probably Ready for Algebra 1</i> Carefully Review Problem Areas</p>	<p>90 – 100 <i>Ready for Algebra 1</i> Should Perform Well!</p>
--	--	---	---

YOUR SCORE OF 98 INDICATES: *Ready for Algebra 1*

The Online Algebra Placement Test (APT) is a quick and easy way to see if your student is ready for Algebra 1. Based on 25 years of test experience, Seton's APT has helped thousands of families measure their children's likelihood for success in Algebra 1.

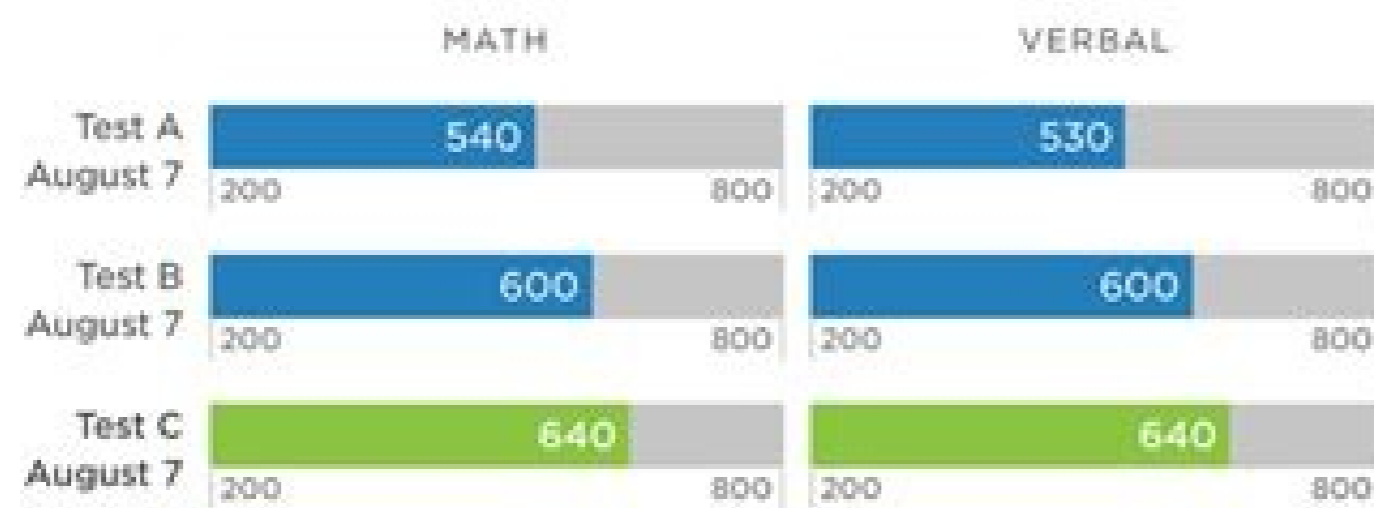

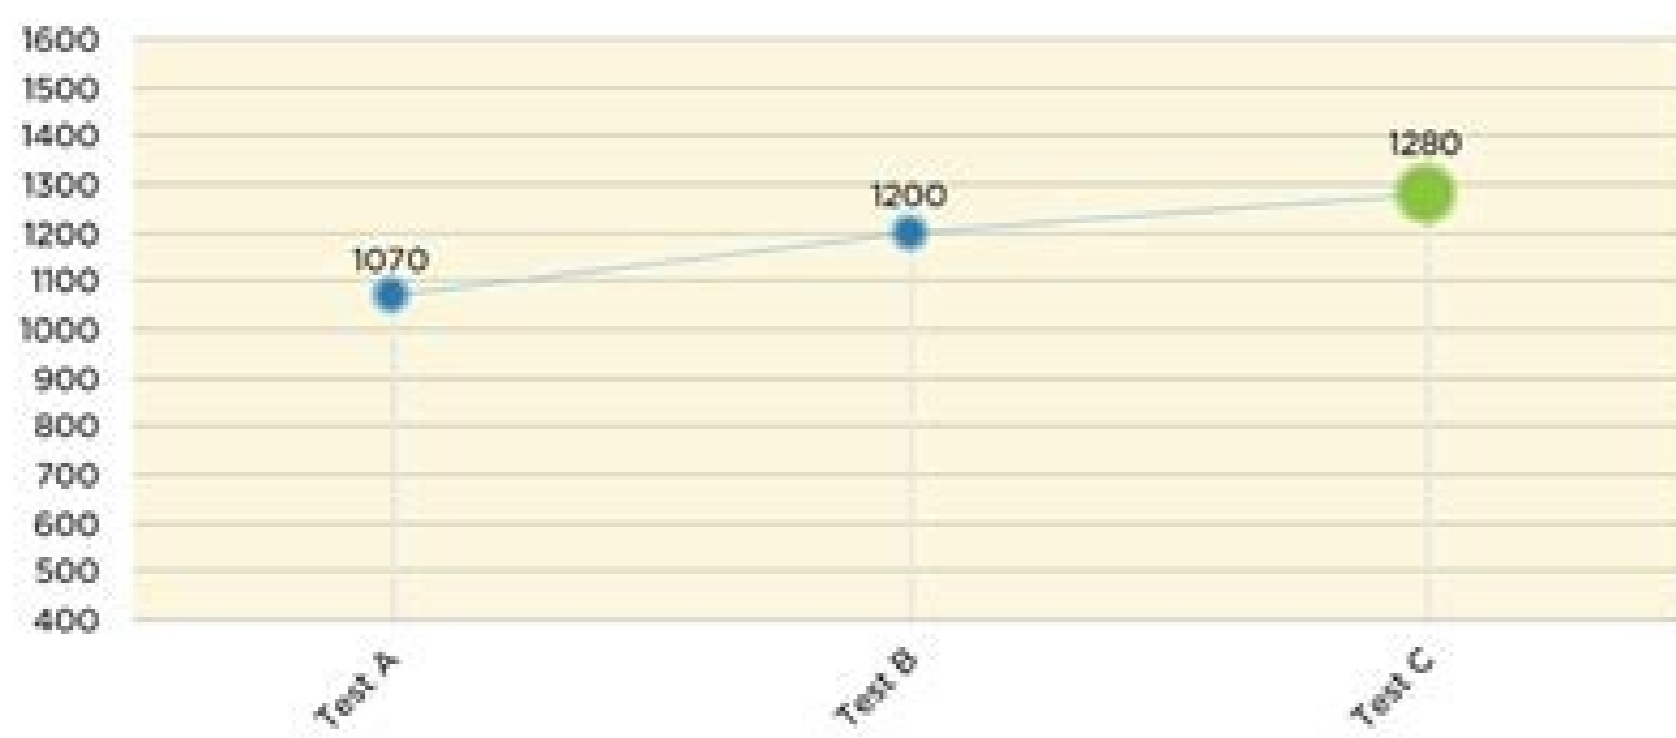

The test covers 19 key concepts essential for success in Algebra 1. Your child's overall score predicts their likelihood of doing well in the course. However, as parent, you are the most qualified to interpret the test results in the context of factors unique to your child. Results on the individual concepts will pinpoint areas that need further review. Sample problems, solutions, and references to review material are included for your convenience.

Please note that although Test Results will show the likelihood of success in the course it is not a guarantee. Success is ultimately based on hard work and study.

Concepts Tested and Result			
	CORRECT		CORRECT
Fractional Equations.....	2 of 2	Symbols of Inclusion	4 of 4

Read History3 min Read History5 min Read more Essential information on transferring History4 min Read History 13 min Read History5 min Read History2 min Read History2 Min Read Remarks Read History7 min Read as a transfer student to USC, you will have incomparable opportunities in and out The classroom. From access to primary order and ability to conduct original research, the acquisition of experience in the real world through the learning of services and internship programs, the possibilities are endless. Transferring admission to USC remains highly competitive, and we look for students with exceptional talents and leadership capabilities. Fight! Successful transfer candidates: to present at least one year of strict full-time academic courses, with good grades. Check our Student Transfer profile to see the average GPA of our most recent class of transfer students admitted. Show constant progress towards a degree with at least a year of strict full-time academic courses. Competitive candidates typically take 14-16 units at the end. Complete the equivalent of the lower USC division writing requirement, Writing 130. Meet our minimum math requirement demonstrating a mastery of algebra II at high school or algebra intermediate to college with a degree of C or higher. Many specializations require more mathematics. Make satisfactory progress towards the satisfaction of USC general education requirements. Complete the additional lower level courses required by the expected specialization course, where appropriate. Refer to the additional Major course to see if your expected master requires lower level courses that need to be completed before the transfer. This is particularly important for graduate students in science, engineering, architecture, dental hygiene or business economy. Students whose language is not English must also demonstrate knowledge of the English language. When transfer USC accepts both high school students and junior transfer students. Moving from the second year, you can take more Your general training and elective courses at USC. You will be part of the USC community for a longer time and have more opportunities to be involved in the life of the campus and make connections that can help you after the diploma. Alternatively, if your academic resume in high school was lower than the expectations of the USC, you may be able to become a stronger candidate if they complete two years of degree courses in another institution before asking for the transfer. Also, if you complete most of your general training requirements before the transfer, you will have more time to pursue a double major, a higher-minor combination, or a single-cottage units while you are registered with the USC. The current high school students, please note: if you are still at high school, the USC considers you a candidate of the first year, regardless of the number of university units completed before the diploma. If you have questions about your position in class, please call the USC admission office at (213) 740-1111. USC transfer units do not require a minimum number of transfer unit. * However, if you have earned less than 30 semi-annual transferable units for the semester by the end of the spring semester, we will base our decision on your high school record and / or SAT or ACT scores (if you present them). Please note that the candidates for the academic year 2022-2023 are not required to submit SAT or ACT scores, even if they can still present them if they wish. * The school of kinematic arts, however, requires 48 transfer units in the film and television production program. Colleague Transcripts You must present the official transcripts of the college of any and all colleges attended, regardless of whether all the work or degree requirements have been completed or not. Otherwise, it can be considered one Academic integrity, which could lead to withdrawal of admission and/or dismissal from the university. The selection of a major transfer applicant must indicate a The higher demand. We also consider the transfer of students for an optional status of second choice or «open / undecided.â €» English Proficiency Requirement The international transfer candidates whose mother tongue is not English must present a TOEFL score, IELTS , Pre Academic or Duolingo achieved within two years from the date of application. Corrective courses placement exams offered at your current college will determine your need for any corrective writing and math courses before your admission to USC. The corrective courses are not transferable. Mandatory courses followed with pass / no pass up to 24 semi-annual units, including up to 4 general education courses units, can be frequented with pass / no pass. Typically, only a basic literacy course can be followed by pass / no pass. * Both global prospects courses can be followed with a pass / no pass. Please note that the writing courses followed based on Pass / No Pass will not meet USC writing requirements. * Due to the disturbances caused by the COVID-19, some exceptions can be applied. Common application Official official transcripts of high school showing the degree date. Students who have completed secondary school outside the United States can replace a copy of a diploma or output certificate. Students who have not finished high school must present the transcripts that show the votes received before departure, as well as a copy of their completion certificate (like a GED); These students can also present a letter of explanation. Official transcripts of the university from all the institutions you have attended (regardless of whether the requirements of the course or degree have been completed). We have to review your most recent autumn vows, so make sure yours published them before the transcripts are sent. If your school requires an email address to send electronic transcripts, please use uetrans@usc.edu. This email address should only be used by schools; students should not send copies of their own at this address. Letters of recommendation. (Optional, though it may be required for some major.) Portfolio, summary © and/ or additional writing samples, if required by the major. Higher performance may also require hearings. Please refer to the additional main Page requirements for further information. Application statements: the statements will be available in the portal after receiving your application. Your digital signature can be sent after the application expires. International applicants Please refer to the International Student Page for an application checklist. Students who started college in autumn 2015 or later: students are required to follow these revised general education requirements if they graduated from high school in spring or summer 2015 and their first full-time enrollment period was autumn 2015 or later (excluding summers). Students who started college before the fall 2015: students who started at any college or university before the summer 2015 will follow the GE program in force before the fall 2015. Credit transfer and policies: the units to be earned on the USC transfer must complete a minimum of 64 units resident in USC, or half of the units generally required for the degree. Some exceptions are listed below. While residing in USC, you also expected: complete all the higher divisional units in your major and minor. Writ 340 complete, a minimum of two major literacy courses from a Dornsife College department, and all remaining general training courses not taken before entering USC. Take all your fall and spring-semester classes for your USC credit. Courses can only be taken in other institutions during summer sessions, with limitations. Exceptions: Engineering Å3-2 *Program: Students must complete a minimum of 48 units in residence at USC. Two-thirds of any transferable courses must be completed at one of USC's four-year partner institutions. Bachelor of Architecture: Students must earn at least 80 units at USC. Up to 70 70 Transferable units for this program can be purchased elsewhere. Transfer Unit Limits USC limits credit transfer in certain categories. You can transfer up to: sixty-four (64) credit units from other institutions, unless indicated. Four (4) units each of English as a second language, physical education activity courses and music ensemble courses. Eight (8) dance units. Twelve (12) units of physical education theory courses. Sixteen (16) individual teaching units in music. Other classes of study and performing arts are limited. Ask a consultant. Courses / Units to Transfer Accredited Courses: Courses completed at, or degrees from, US institutions accredited by the six regional accreditation agencies are generally accepted. Courses taken at international post-secondary institutions recognised by the local Ministry of Education as awarding institutions may also be transferred. Advanced Placement (AP). International Baccalaureate (IB) and other standardized exams: We accept a maximum of 32 units for standardized exams. Please visit arr.usc.edu/transfercredit for a list of standardized exams and course requirements they meet. University courses taken during high school: We accept a maximum of 16 units, included in the combined maximum of 32 units for AP/IB credits. These courses must be held by university faculties on a university campus, appear on your university transcript as part of your normal university curriculum and should not be applied to your high school diploma. They may meet the general education requirements, but may not meet the writing or foreign language requirements or receive equivalence to USC courses. Courses/Units that can be transferred Courses in these categories will be taken into consideration on request, and the will be granted on a case-by-case basis. Make sure you keep copies of the course program, exams and documents, as we can ask to make our determination. Non-traditional formats/time frames: time: online courses, focused intensive sessions, special weekend modules, and other non-traditional course formats and time frames. Please note that only elective units that are not equivalent to USC courses or meet the requirements are allowed for language and laboratory science courses taught through distance learning, TV, or in an online course or correspondence. Due to interruptions caused by COVID-19, some exceptions may apply. Courses/units that will not transfer non-accredited institutions: Courses or degrees completed with US institutions not accredited by a regional accreditation agency. Low grades: Courses where your grade was lower than C 1.7. Graduation credit: college extension courses and courses taken at non-accredited international institutions towards a degree in that college. Areas of study not offered by USC: These include agriculture, business office procedures, hotel management, food services, industrial mechanics, interior design, fire science, forestry, police academy, and similar professional and technical programs. Duplicate material: An AP and IB exam or college course covering the same material. Life and work experience: Includes portfolio work, continuing education, equivalence examination units and courses offered by trade and government agencies (even if assessed by the US Education Council). Placement examinations: Courses and/or unit credits awarded by another institution for placement examinations or examination credits. Preparatory/college/personal development: Includes mathematics courses below university level algebra. (Intermediate Algebra, minimum requirement of USC mathematics for admission, is not transferable.) Non-traditional two-year college formats: Including independent study, direct study, correspondence courses, and travel courses. Degree Courses: Degree courses at the level taken by university students. Determination of your transfer GPA USC calculates calculates transfer your GPA based on your grades to all transferable courses at the USC, including grades D and below. More and less account is taken of the classification. Incomplete expired, unofficial withdrawals and missing votes are treated as a Credit/No Credit and Passage/No Passage marks are not included in the transfer GPA. The USC does not honor other academic colleges - programs that allow students to improve a lower grade. If you repeat a transferable course for which you earned a grade of D+ or lower, both grades will be included in your transfer GPA. If the grade of the first course was a C- or higher, only the first grade is included. Your GPA transfer is different from the GPA earned in courses you take at USC. The transfer GPA and your USC GPA are kept separate until it is time to determine if you are eligible to graduate and earn the honors of degree, as described in the USC Catalogue. Academic Standards and Requirements The USC Catalogue is the document of authority on policy Questions, and it change from time of time. It provides comprehensive information on the academic rules governing training work done at other colleges, as well as specific requirements for your core field. Check out the catalogue. USC. edu for the most current version. Our Students Transfers Like FromAcA;----- The following resources will help you determine which courses and credits will be transferred to USC. Click on the links below to access an interactive planning guide, download helpful brochures, checklists, worksheets and information. This brochure will help you navigate the application and transfer process and introduce our transfer policies. View the transfer Opposite. Guide to Interactive Planning This online resource will help you determine which university courses at other institutions meet the general education courses of the USC, as well as the lower level courses required for any degree course. Go to the Interactive Planning Guide. Work sheet for transfer planning (PDF) This worksheet will help you keep track of the transferable courses you have completed and those still in progress. Download the worksheet for transfer planning (PDF). Students who have started full-time work at university level before the autumn 2015 (excluding summer semesters) will have to follow the old general education requirements. Additional curriculum for Major (PDF) Find the lower section introductory curriculum that can be recommended or required for your degree course. Download the additional Major File Course. Articulation agreements: Colleges of the Community These lists indicate the courses of the Community college which meet the general education and other requirements, as well as © equivalent to lower USC divisional courses. Go to the Articulation Agreements with Colleges of the Community. Articulation histories with the local universities of four years Even if USC does not maintain formal articulation agreements with the universities of four years, this resource will help you determine which courses have been accepted for the transfer in the past. Courses not included in history have not yet been examined and can be transferred or not. Most academic courses of four-year institutions are accepted for credit transfer View Articulation Stories. Through a series of affiliated services include academic and career advice, financial aid and veteran benefits information, religious life, and more. For more information, visit USC Resource center. USC admission, enrolment and school policies are not based on your immigration status or DACA. Admission and registration will not be affected if you do not have or if you l o se your immigration status or DACA. Financing Financing Residents of California are eligible for additional assistance under the "California Dream Act" (the "California Dream Act"). For more information, please visit dream.csac.ca.gov.
